CAREER OBJECTIVES

Aspiring IT professional with a strong foundation in software development, databases, and cloud technologies. Passionate about problem-solving and innovation and active involvement in community service and mentoring. Seeking opportunities to contribute my skills in a dynamic, research-driven environment while growing in the tech industry.

EDUCATION

10th- R.J.E.M.High School, Maharashtra, State Board- 83.00%   **March-2019**

12th-R.Y.K College, Maharashtra, MSBSHSE- 83.83%   **March-2021**

BCA in Cloud Technology & Info Security - Jain (Deemed-to-be)   **July 2023-July 2026**
University, Bangalore- Current CGPA: 8.45

• EXPERIENCE

- **Internship:** Logic IT Solutions, 414, The Landmark, XLO point, Ambad MIDC, Nashik - a comprehensive learning experience that covered a broad range of IT tasks and responsibilities.   **July 2024**

- **Research:** Ongoing research on applying Artificial Intelligence (AI) in cardiology drug development; currently preparing a research paper focusing on clinical trial simulations and handling incomplete dataset.   **February2025**
- Can Micro-Learning With AI Tutors Rewire Attention Spans Damaged by Short-Form Content? – Exploring AI-driven micro-learning techniques to address reduced attention spans; research paper in progress.   **August 2025**

- P**rojects:** Ecom2m (24-hour Make-a-thon │ Tech meets Sustainability)
- Developed a prototype community-driven platform where users can register with their sustainability interests, connect with like-minded individuals via chat and calls, and discover ongoing or upcoming eco-friendly events nearby. Focused on community building, environmental awareness, and implementing secure login & database design within the hackathon time limit.   **December 2024**
- Capstone Project (Ongoing): ResumeTailor – AI-Powered Job Application Assistance
Working with a team to build an intelligent assistant that tailors resumes to job descriptions, suggests skill-gap fixes, enables bulk job applications with customized resumes, and provides interview preparation. Aims to streamline the job application process for students and professionals.   **August 2025-Present**

- **Class Representative, Jain University:** Successfully led and represented the class since the start of university, acting as a bridge between students and faculty. Organized academic and extracurricular activities, ensuring smooth communication and coordination. Addressed student concerns and facilitated constructive discussions to enhance the learning environment.   **July 2023-Present**
